

# Canvas Parent App

Google Play Store

iTunes

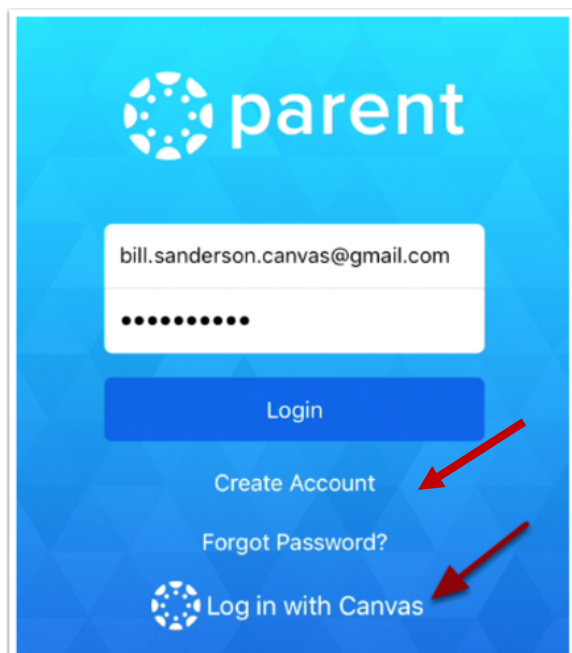

The Canvas Parent app lets you view a student's course events, upcoming assignments, and grades. You can also add and view multiple students in your account.

1. **Download the Parent App from the Google Play Store or iTunes.**  
*(Make sure this is the new [blue parent app](#).)*

2. **Create your Account**

If you already have a Canvas account, select **Log in with Canvas**. If you do not have a Canvas account, select **Create Account**.

3. **Setting up a New Account**

Enter your email [1], first name [2], and last name [3]. Enter a password [4] and reconfirm the password [5]. Tap the **Next** button [6].

4. **Add a student**

Add a student to your account. Enter the name of your student's institution (brf.instructure.com) [1]. Tap the Next button [2].

## 5. \*Enter Student Login Information

Enter your student's username [1] and password [2]. Tap the **Log In** button [3].  
(See Information Below)

To add additional students:

Click the settings cog  (top right)

Click the Plus Sign 

Repeat the school search and student login.

*\*This step is required whether you are setting up a new Canvas account or logging in for the first time with an existing Canvas account.*

## 6. View Dashboard

Your added student's name and profile picture display on the Dashboard. If you have multiple students associated with your account, you can view another student by tapping the student's picture or swiping the app.

From the Settings icon, you can view the students you are following, add alerts, add students, access help, and logout. Learn how to manage settings.

## Child's User Name and Password
